## **Drawn Into Church!**

The Holy Spirit continues to work! Last Sunday, a young lady was **wonderfully touched by the Lord**. She had attended years ago with her grandmother, who is now with the Lord, but then moved away. Several months ago, she returned expecting to attend again, but things distracted her. Later she said, "I was looking for excuses not to go."

Sunday morning she was **burdened down** with problems and **knew she needed help from the Lord**. Driving to church, she felt so bad about being late that she was going to drive past the church and return home. But, as she began to pass the church she read the **words of Jesus** on our sign, "**Come unto me...and I will give you rest**" and suddenly felt like the Lord was **compelling her to come in**, so she turned in the lane. (Interestingly, I had just put those words on the sign that morning, and we had recently prayed the Lord would do just that—**draw people into the services as they drove by.**)

During that service, the youth were singing a medley, "The Blood Will Never Lose Its Power" with a chorus that the Lord gave me years ago, "I Thank God for the Precious Blood of Jesus." I felt prompted to have them sing it again and to ask those who needed prayer to come forward. **The young lady came** among others and **the Lord touched her, lifting her burdens!** After the service she said she still felt the Holy Spirit all over her and felt so good and peaceful that **she did not want to leave!** In the evening service, she shared her testimony proclaiming, "**I'm so glad that I am here. I feel refreshed and renewed! I'm bubbling! I want to be with the Lord's people and be in His presence. I'm so happy!**"
