Link to a Miracle

On June 10, I conducted the funeral of Allen L. Sell and I shared **how God used him** nearly 25 years ago to **link** Robert and Gladys Greenzweig to the **Lord** and a **miraculous healing** for Gladys.

Allen met Bob at a restaurant in Berlinsville and later heard about the terrible medical problems his wife was having. She had suffered through seven strokes, became blind, lost her mental capabilities, had leukemia and many other medical problems. The doctors finally told Bob she **only had two days to live**, so he brought her home to die. Bob became so depressed about the hopelessness of her situation that he decided to put his wife and himself out of their misery. As he reached into his gun cabinet he heard a voice say, "**Don't do it!** You have a son to worry about!" He later realized it was God's voice. Then he **heard a knock at his door**. It was Allen Sell! Allen felt compelled to go to Bob's home and to invite him to bring his wife to church for prayer. Allen related how he and others had been touched by the Lord and asked, "**Why don't you bring your wife?**" It was a Wednesday and Bob responded that his wife would never live until Sunday. Allen replied, "We have a Wednesday evening service." That night, March 4, 1981, Bob wheeled his wife into our church and found that **Jesus Christ is alive** as **He miraculously healed Gladys** of her many life-threatening ailments! They **gave their hearts to the Lord** and have attended ever since. Although the results of her strokes left Gladys in a wheelchair, she has helped her husband minister over the years in their "His Hands Extended" ministry to the poor and needy.

God used Allen to be a **link to a miracle** and to bring Bob and Gladys to Himself. Are you willing to be such a link?
