Only Two Days To Live!

Last Saturday, I conducted the funeral of Robert Greenzweig and shared how he and his wife, Gladys, came to the Lord after **Jesus miraculously healed her** in our Wednesday evening service over 28 years ago. That morning, Allen Sell was having coffee at a restaurant in Berlinsville as Bob gloomily told him his wife had suffered seven strokes, became blind, had leukemia and many other medical problems. Doctors told Bob she had **only two days to live**, and he brought her home to die. Later that day, Bob became so depressed about the hopelessness of his wife's situation that he decided to put his wife and himself out of their misery. As he reached into his gun cabinet **he felt a hand grab his arm and he heard a voice say, "Don't do it! You have a son to worry about!"** At first he thought he was losing his mind, but later realized it was God's voice. Then he **heard a knock at his door**. It was Allen! He felt compelled to go to Bob's home and urge him to bring his wife to church for prayer. Allen related how he and others had been touched by the Lord and asked, **"Why don't you bring your wife?"** Bob responded that his wife would never live until Sunday. Allen replied, "We have a Wednesday evening service." That night, Bob wheeled his wife into our church and after prayer found that **Jesus Christ is alive as He miraculously healed Gladys** of her blindness and other life-threatening ailments! They **gave their hearts to the Lord** and began attending our services. Bob was so thankful to the Lord for what He had done in their lives that **he told everyone about it and sought to serve the Lord** in ways too many to list here. In 1984, he founded the "His Hands Extended" ministry. He held garage sales of donated items and used the proceeds to help the needy and build churches overseas. Gladys assisted him until she went to be with the Lord last year – 27 years after doctors said she had **only two days to live!**
