Something's Happening!

During the past several weeks we have been experiencing an unusual move of the Holy Spirit, not only in our regular services, but also in out-reach services, hospital visitation, etc. At a recent funeral, the Spirit of the Lord moved in a special way and touched many of the relatives including the funeral director. Several relatives rededicated their lives to the Lord and have begun attending our services. In another case, a woman who had been totally unresponsive for over a week in ICU, following a heart attack, miraculously began to respond to her family and began breathing on her own after prayer! She is now out of ICU and some of her family members are attending our services giving praise to the Lord.

Within the last several days, more have given their hearts to the Lord—all in different places—in church, in a hospital, and a personal care home where we have had good services for years, but there was something different about this one! The Holy Spirit began moving and people responded in tears as they felt the Lord touching them. One young lady wept profusely as she prayed the sinner's prayer and accepted Jesus into her heart.

I don't have space to mention other unusual things going on, but something is happening! Throughout my 35 years of ministry here, I have seen the Lord work in wonderful ways, but I don't recall it happening just like this with day after day of supernatural things occurring! Is the Lord getting people ready for something big like His Second Coming or something else? I don't know, but I do know that you need to be ready for "now is the accepted time; behold, now is the day of salvation" (2 Corinthians 6:2). "Repent ye therefore, and be converted, that your sins may be blotted out, when the times of refreshing shall come from the presence of the Lord" (Acts 3:19).
